DRIVER SAFETY MEASURES

Know your load

Make sure your load is safe and legal. Check load restraint. Stay within mass limits.

Manage fatigue & fitness

Don’t drive tired. Take required breaks. Be fit for work. Stop if you feel fatigued.

Follow speed & road conditions

Drive to suit the vehicle and conditions. Adjust for load weight. Slow down in poor conditions. Allow extra stopping distance.

Complete pre-start checks

Check brakes, tyres, wheels and lights. Report faults immediately. Don’t drive unsafe vehicles.

Speak up and report

You have the right to refuse unsafe work. Report hazards and risks. Don’t accept unsafe instructions. Safety comes before delivery.

Safety is everyone’s responsibility
